

ANN is a wide and versatile collection of chairs, armchairs, stools and benches with a neutral design that is both amiable and welcoming through the use of the wood and upholstery. The collection originates from the combination of different bentwood seats with a wide range of bases. With an essential, versatile and neutral design, ANN chairs, can occupy all types of environments and spaces.

DESIGNER: INCLASS Studio

The INCLASS design studio started its activity in 2005 with the aim of embedding and driving design in different areas of the company. Today the studio is made up of a cross-functional team which incorporates product designers, graphic designers, engineers and prototype technicians. Since then it has undertaken the overall design of numerous products and has developed the proposals of top external designers who usually work with our firm. The studio strives to ensure that INCLASS designs have a contemporary look, that at the same time are balanced, pure, elegant and timeless with a view to introducing collections that are always innovative, attractive and modern.
