

Designed by Jonathan Prestwich, the wooden and upholstered versions, complete the versatile ARYN family. The ARYN WOOD chairs are available with a four leg or sled base frames, both of them stackable. The warmth of the wood and fabrics, together with a light, refined and transversal design, allow the total adaptation of these chairs to any context or environment, from casual spaces to the most elegant environments.

WOODEN SEATS & BACKRESTS

Made from bent plywood. Available in oak or walnut veneer.
Finishes: available in any of the oak and walnut finishes of the INCLASS swatch book.

UPHOLSTERED SEATS & BACKRESTS

Inner seat & back made of polypropylene covered in high-resilience flexible CMHR polyurethane foam.

Finishes: The upholsteries are available in any of the fabrics and leathers from the INCLASS sample book and optionally with fabrics supplied or specified by the customer.

STRUCTURES

4 leg base:

The legs are made of 16mm round steel tube 2mm thick.
Finishes: Available in thermoset polyester powder coat in any colour from the INCLASS metallic swatch card, or in chrome.

Glides: Standard: Plastic glides. Optional: Felt glides.
Stackability: This version is stackable.

Sled base chair:

The frame is made in 12mm solid steel rod.
Finishes: Available in thermoset polyester powder coat in any colour from the INCLASS metallic swatch card, or in chrome.

Glides: Standard: Plastic glides. Optional: Felt glides.
Stackability: This version is stackable.

ACCESSORIES

Foldable writing tablet:

It is fully foldable and can be dismantled. The joint is in polished cast aluminium. The writing tablet is made of 10mm black compact board. It is available for left- and right-handed users.

Linking clips for rod sled chairs:

Made of polypropylene. Allow linking rod sled base chairs together to form rows.

Transport trolley:

It allows for easy transport of the stacked chairs for storage. It is made from steel tube and plate. It is finished in thermoset polyester paint in RAL 9006 aluminium colour.

CERTIFICATION & STANDARDS

European Standard UNE EN 16139-2 and ANSI BIFMA X5.4

AIDIMA quality label.

INCLASS quality management is certified in accordance with the ISO 9001 standard in all the design, manufacturing and marketing processes for its products.

INCLASS production processes are certified according to ISO 14001 environmental standard and are performed to minimise environmental impact.
