

ENVIRONMENTAL PRODUCT DECLARATION

Aware of our environmental responsibility towards future generations, the design and manufacturing of this product line is done considering ecological and sustainability criteria.

The DUNAS XL collection is locally manufactured in our ISO 9001 and ISO 14001 certified production plant in Alicante, Spain.

All DUNAS XL products have been designed to minimize the number of components and to maximize the number of interchangeable pieces. INCLASS has given priority to the use of recyclable and environmentally friendly materials, as well as clean production processes. INCLASS classifies, separates, and recycles all the waste it generates on its production plant and under strict certified procedures.

To prevent unnecessary waste, to minimize the use of energy and natural resources, the DUNAS XL collection has been designed to last over time. The products have a timeless aesthetics, away of short-term trends and have been tested under strict international quality standards which guarantee a long product life.

MATERIALS

INCLASS is firmly committed to the production of products which help to create safe and healthy environments.

We are constantly working on reducing and eliminating hazardous or harmful chemicals in all of our products and processes and in a continuous search for safer and better alternatives that are becoming commercially available.

These efforts include, among others:

The use of water-based glues that are solvent free.

The use of wood based materials which match CARB standards of low formaldehyde emissions.

To promote the use of natural fabrics and fabrics labelled with OEKO-TEX® or ECOLABEL certificate.

The use of upholstery foams free from Chlorofluorocarbons (CFCs) and Hydrochlorofluorocarbons (HCFCs).

If quality standards allow it, the products contain recycled raw materials.

Most of our products can be completely separated for proper recycling.

ISO 9001
quality certification

ISO 14001
certification for environmental
management systems

REMARKS

*** The percentages given in this data sheet may present slight variations due to changes in the supplier of some raw materials and rounding of numbers.

*** The percentages of the table tops vary according to the material and the final finish. For exact percentages of table tops, please refer to the data sheet of the top you have chosen.

PRODUCT ECO PASSPORT

Easy chair with 4 spoke aluminum swivel base (low backrest)

Code: **DUN0020**

Easy chair with 4 spoke aluminum swivel base (high backrest)

Code: **DUN0025**

Easy chair with steel rod base (low backrest)

Code: **DUN0010**

Easy chair with steel rod base (high backrest)

Code: **DUN0015**

COMPOSITION

Material	Weight	
Steel	9,6kg	68,8%
Moulded PU foam	2,81kg	20,2%
Fabric and leather	0,82kg	5,9%
