

Masterfully designed by the YONOH studio, NIM is a collection of chairs and stools for versatile use, that stand out for its elegant, fluid and transversal design. The comfortable mono-shells seats are available in beech and oak veneer or fully upholstered in two versions. The fully upholstered versions can have a decorative piped edge on its contour in contrast to the upholstery. NIM chairs are available with three different frames: sled, four steel leg and four wooden leg. The warmth of the wooden shells and the textures of the upholsteries will inspire friendly and welcoming environments in spaces for public use and private residences.
